Glauco Lagotto

Yorke Bay

Great Penguin

This image is a high-contrast, black-and-white scan of a textured surface. The background is a pale, off-white color. Overlaid on this are numerous dark, irregular, and somewhat organic shapes. These shapes vary in size and density, creating a sense of depth and complexity. Some appear as small, isolated dots, while others form larger, more continuous areas. The overall effect is reminiscent of a microscopic view of a biological tissue or a highly detailed abstract artwork.
